

About the Hagan Scholarship

The Hagan Scholarship is a nationwide need-based merit scholarship designed to help rural students graduate college debt-free. The Hagan Scholarship Foundation has awarded over 2,400 scholarships. Over 600 more scholarships can be awarded in April 2022. The scholarship provides up to \$48,000 over four years to attend college and other benefits. Hagan Scholars are currently attending 378 colleges and universities located in 46 states.

To be eligible for a Hagan Scholarship, applicants must have a substantial financial need and must graduate from one of over 6,000 eligible public high schools listed on the HSF website. Recipients are selected based upon academic ability, achievement in and out of school, personal goals and future promise.

Recipients of a Hagan Scholarship attending college must maintain a four-year graduation schedule, maintain a 3.25 CGPA, earn 30 credit hours each academic year excluding summer school and work 240 hours in the 12 months prior to fall semester enrollment in college.

To help scholarship recipients obtain a practical understanding of important life skills not typically covered in the college curriculum, the Foundation provides a mandatory free summer workshop for second and fourth-year recipients, a \$15,000 investment account for each second-year recipient to manage until graduation in order to learn “first-hand” how to invest to attain long-term financial security, and the opportunity to study and travel abroad after the third year of college at no cost to the recipient.

About 80% of the scholarship recipients who graduate college while in the Hagan Scholarship Program will graduate debt-free with several thousand dollars in their personal brokerage account. These individuals are high achieving, hard-working, goal-driven and well equipped to realize their full potential and attain financial security.
