

About the Hagan Scholarship

The Hagan Scholarship is a nationwide need-based merit scholarship designed to help students' graduate college debt-free. The Hagan Scholarship Foundation has awarded 3,637 scholarships to date. Up to 1,000 new scholarships can be awarded in 2024. The scholarship provides up to \$60,000 over four years to attend college and other benefits. Hagan Scholars can apply for a Graduate Scholarship good for up to four additional consecutive semesters to attend graduate school or a professional school. Hagan Scholars have attended over 500 colleges and universities located in 46 states.

To be eligible for a Hagan Scholarship, applicants must have a substantial financial need and must graduate from a public high school governed by a school district. Recipients are selected based upon academic ability, achievement in and out of school, personal goals, and future promise.

Recipients of a Hagan Scholarship must maintain a four-year or less graduation schedule, maintain a 3.25 CGPA, earn 30 credit hours each academic year fall and spring semesters, excluding summer school, and work 240 hours from January 1 each year until commencement of the fall semester in college.

To help scholarship recipients obtain a practical understanding of important life skills not typically covered in the college curriculum, the Foundation provides mandatory free workshops, a Schwab brokerage account to manage until graduation in order to learn "first-hand" how to invest to attain long-term financial security, and the opportunity to study and travel abroad.

About 80% of all Hagan Scholars who graduate college while in the Hagan Scholarship Program **graduate debt-free**, with several thousand dollars in their personal Schwab brokerage account. These individuals are high achieving, goal-driven, and well prepared to continue realizing their full potential and attain financial security.
